

Association Mission:

The NYC Association of Homeless and Street-Involved Youth Serving Organizations is a membership coalition of service providers, advocates and organizations serving runaway, homeless and street-involved youth.

We believe that by coordinating our services, planning strategies and speaking in a unified voice, we can both advocate for and more effectively respond to the needs of homeless and street-oriented youth in the New York metropolitan area. Our members are dedicated to mobilizing our respective expertise and resources to assist homeless and street-oriented youth to lead safe, healthy and self-empowered lives.

This list is current as of **October 2009**.
 ⇒ Programs will sometimes lose funding for their shelter and transitional beds or increase the number of beds;
 ⇒ Programs with different beds for different populations will sometimes change the number of beds to cover the changing needs of particular populations;
 ⇒ Some programs only take referrals through a drop-in or outreach center.
It is best that you call to find out about available beds in their shelter.
